

MUHAMMAD SHAHZAIB

WEB DEVELOPER

+92 3185708193 | szaibi0800@gmail.com | Street 16, Shaley valley Rawalpindi | [linkedin.com/](https://www.linkedin.com/in/szaibi0800)

PROFESSIONAL SUMMARY

Motivated Web Developer with hands-on experience building responsive, dynamic applications using HTML, CSS, JavaScript, PHP, MySQL, and Laravel. Skilled in full-stack integration and database management, leveraging MVC architecture to deliver clean, scalable solutions featuring robust CRUD operations and secure authentication systems. Completed a NAVTTC certification to further refine industry-relevant problem-solving skills and drive innovative, user-friendly development projects.

EXPERTISE

HTML5 & CSS3 | JavaScript | PHP Development | MySQL Database Management | Laravel Framework | Responsive Web Design | Frontend Development | Backend Development | CRUD Applications | RESTful APIs | Git & Version Control | Debugging & Problem Solving | MVC Architecture | CMS Management | Basic SEO Optimization

EXPERIENCE

Intern Trainee

Jul 2024 – Aug 2024

Digital Empowerment Network | Remote

- Worked on C++ based web development concepts including HTTP requests and API handling using cURL
- Assisted in backend communication and data handling through web protocols
- Developed problem-solving skills using C++ for web-related tasks and automation

Computer Science Teacher (Grade 9–10)

April 2023 – May 2024

Intelligence Educational Academy

- Taught Computer Science concepts to secondary school students (Grades 9 and 10)
- Delivered lessons on basic programming, computer fundamentals, and practical computer skills
- Improved student understanding through practical demonstrations and interactive teaching methods

EDUCATION AND CERTIFICATIONS

Bachelor of Science in Information Technology (BS IT)

Feb 2023 – Feb 2027

National University of Modern Languages (NUML) | Islamabad, Pakistan

- Currently in 7TH semester, and Core focus is Web Development (Full Stack) Technologies.

Certified Web Developer (CWD) Course

Feb 2026 – May 2026

National Vocational and Technical Training Commission

- HTML, CSS, JS, Bootstrap, PHP, Laravel (framework).

PROJECTS

Noor al Quran | Full-Stack Web Application

(HTML, CSS, JavaScript, PHP, MySQL)

- Developed a dynamic, responsive web platform for reading Quranic text, translations, and daily inspirations.
- Engineered a secure backend with PHP and MySQL to manage user authentication, profile creation, and dynamic data retrieval.
- Implemented an interactive, database-driven bookmarking system to let users save and access their reading progress.

Banking System | Backend Development

(Java OOP, SQL)

- Developed a server-side banking application using Object-Oriented Programming to handle complex business logic and client requests.
- Integrated a relational SQL database to securely store, retrieve, and manage user account data and transaction histories.
- Engineered robust modules and data encapsulation protocols to ensure consistent state management across the server.

SKILLS

Programming Languages: JavaScript, PHP, Python, Java, C++, Dart.

Web & Mobile Technologies: HTML, CSS, Laravel, Flutter.

Databases: MySQL.

Tools & Infrastructure: Docker Desktop, VMware, Cisco Packet Tracer, PowerBI Desktop, Vs Code.

Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA).
